

Brendon Hill – Global Head of Aerospace, BSI Group

Brendon Hill has been in aviation for 40 years, including 26 years as a British Army Officer and Aircraft Engineer, serving in many theatres of operation as well as Quality Management roles.

Brendon has been in business assurance for over 10 years, 4 with BSI where he has developed BSI's services to aerospace. He has also worked in industry as a Group quality Manager, looking after three sites; two factories manufacturing parts for aero-engines and defense applications, as well as other industries such as oil and gas, and one site producing manufacturing software.
